

Public Symposium - Data Infrastructures for Genomic Research in Europe

04. October 2023

as part of the
GHGA Annual Meeting 2023

Programme

- 14:30 - 16:15** **Session 1: National Infrastructure Solutions - Status and Perspectives**
Chairs: Oliver Kohlbacher
- 14:30 Welcome Note GHGA
Oliver Kohlbacher - University of Tübingen, Germany
- 14:45 Individual-level, longitudinal data linkable to genome sequencing data in the Danish precision medicine infrastructure
Søren Brunak - University of Copenhagen, Denmark
- 15:15 Genomics England's clinical and research infrastructure for genomic medicine
Augusto Rendon - Genomics England, UK
- 15:45 Building the German Human Genome-Phenome Archive (GHGA) - The Journey so Far
Oliver Kohlbacher - University of Tübingen
- 16:15 - 16:45 Break
- 16:45 - 18:45** **Session 2: Trust Building and Patient Engagement in Genome Research**
Chairs: Eva Winkler, Fruzsina Molnár-Gábor
- 16:45 Introduction and Overview GHGA ELSI Activities
Eva Winkler - University Hospital Heidelberg, Germany
Fruzsina Molnár-Gábor - University of Heidelberg, Germany
- 17:00 The social contract and trust in large-scale genomics initiatives. A British-French perspective
Ruth Horn - University of Oxford, UK / University of Augsburg, Germany
- 17:25 Responsible Genomic Data Sharing: Activating the Right to Science
Bartha Maria Knoppers - McGill University, Canada

- 17:50 Establishing Adaptive Governance and Patient Involvement in GHGA -
Lessons from the PaGODA study
Eric Apondo - University Hospital Heidelberg, Germany
- 18:15 Round-Up Discussion
Panel: Ruth Horn, Eva Winkler, Fruzsina Molnár-Gábor, Eric Apondo
- 18:30 Poster Session and Reception
